Claims 28-32 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected species, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 8/21/06.

Applicant's election with traverse of the species of figures 3A-3C in the reply filed on 8/21/06 is acknowledged. The traversal is on the ground(s) that "lack of serious burden". This is not found persuasive because further searching would be required for the nonelected species.

The requirement is still deemed proper and is therefore made FINAL.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 19-27,33-38 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The figures do not clearly illustrate the invention. Cross sectional views of figures 3A and 3B are required, and further views of the enclosure bag, and sleeping bag, without the air mattress would be helpful and desirable.

It is simply not clear what exactly are the various elements of the claims.

In response to this action, applicant is urged to identify each and every element of the claims with reference numerals from the drawings. Such numerals will assist in following the claims, and help in avoiding mistakes, but in no way will affect the scopes of the claims that may be eventually be allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
